HAD WEEPING ECZEMA

Face and Neck were Raw-Terrible Itching, Inflammation and Soreness - All Treatments Failed.

CUTICURA A GREAT SUCCESS

"Ecsema began over the top of my ear. It cracked and then began to spread. I had three different doctors and tried several things, but they did me no good. At last one side of my face and my neck were raw. The water ran out of it so that I had to wear medicated cotton, and it was so inflamed and sore that I had to put a piece of cloth over my pillow to keep the water from it, and it would stain the cloth a sort of yellow. The eczema itched so that it seemed as though I could tear my face all to pieces. Then I began to use the Cuticura Soap and Ointment, and it was all healed up. Nursing a Viper, Thrilling Story of French Revolution.

That terrible era in French history beginning with the outbreak of insurrectionary movements in Paris, July 12th, 1789, and the taking of the Bastile, July 14th, has long been the subject of song, story and drama, and it is small wonder that it should prove thrilling material for motion pictures, as this Blograph feature production at the Breed theater will evince. The story deals with a party of the nobility endeavoring to escape from the insurrectionists by fleeing to the home of a professed republican. Scarcely is he in the house before he attempts to pay attentions to the wife of his savior, she mistaking his attentions for gratitude, until the husband arrives just in time to save her from the terrible clutches of the viper.
